

Today's Agenda

Innovation seminar Oslo
“Parallel session - Projectgroup”
05.02.24

Questions from UMG and UKB

| # | Questions |
|---|---|
| 1 | Disease patterns: <ul style="list-style-type: none"> • How much detail is provided in the dossier (basic knowledge only or more in-depth knowledge)? • What kind of learning material (care manuals, current studies) is made available? • How are changes in guidelines and internal regulations dealt with? How often are changes made? |
| 2 | External training / languages skills / soft skills: <ul style="list-style-type: none"> • Where are these knowledge and skills mapped in the dossier? • How is the deposited information used? |
| 3 | Rollout: <ul style="list-style-type: none"> • How was the rollout in a new ward started (direct involvement of all employees or only individual employees)? • Which plans were used to start (all plans at once or one specific plan)? • How long did it take for Dossier to become established on a ward? |
| 4 | Lessons Learned: <ul style="list-style-type: none"> • What were the greatest challenges? |
| 5 | Acceptance of Dossier: <ul style="list-style-type: none"> • How high is the acceptance of the Dossier Solution among employees and managers? • What is the feedback from employees on the wards? • What were the fears when using it (e.g. transparency of data)? |
| 6 | Interfaces: <ul style="list-style-type: none"> • Which interfaces are built? • What data is used via the interfaces? |
| 7 | Role model & organizational structures: <ul style="list-style-type: none"> • What does the role model in the hospital look like? • How are the competency plans structured? |

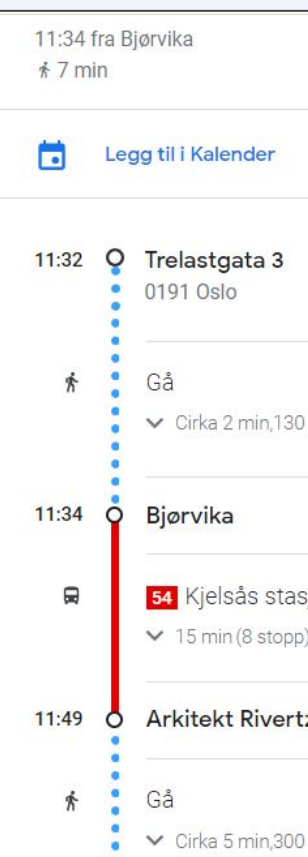

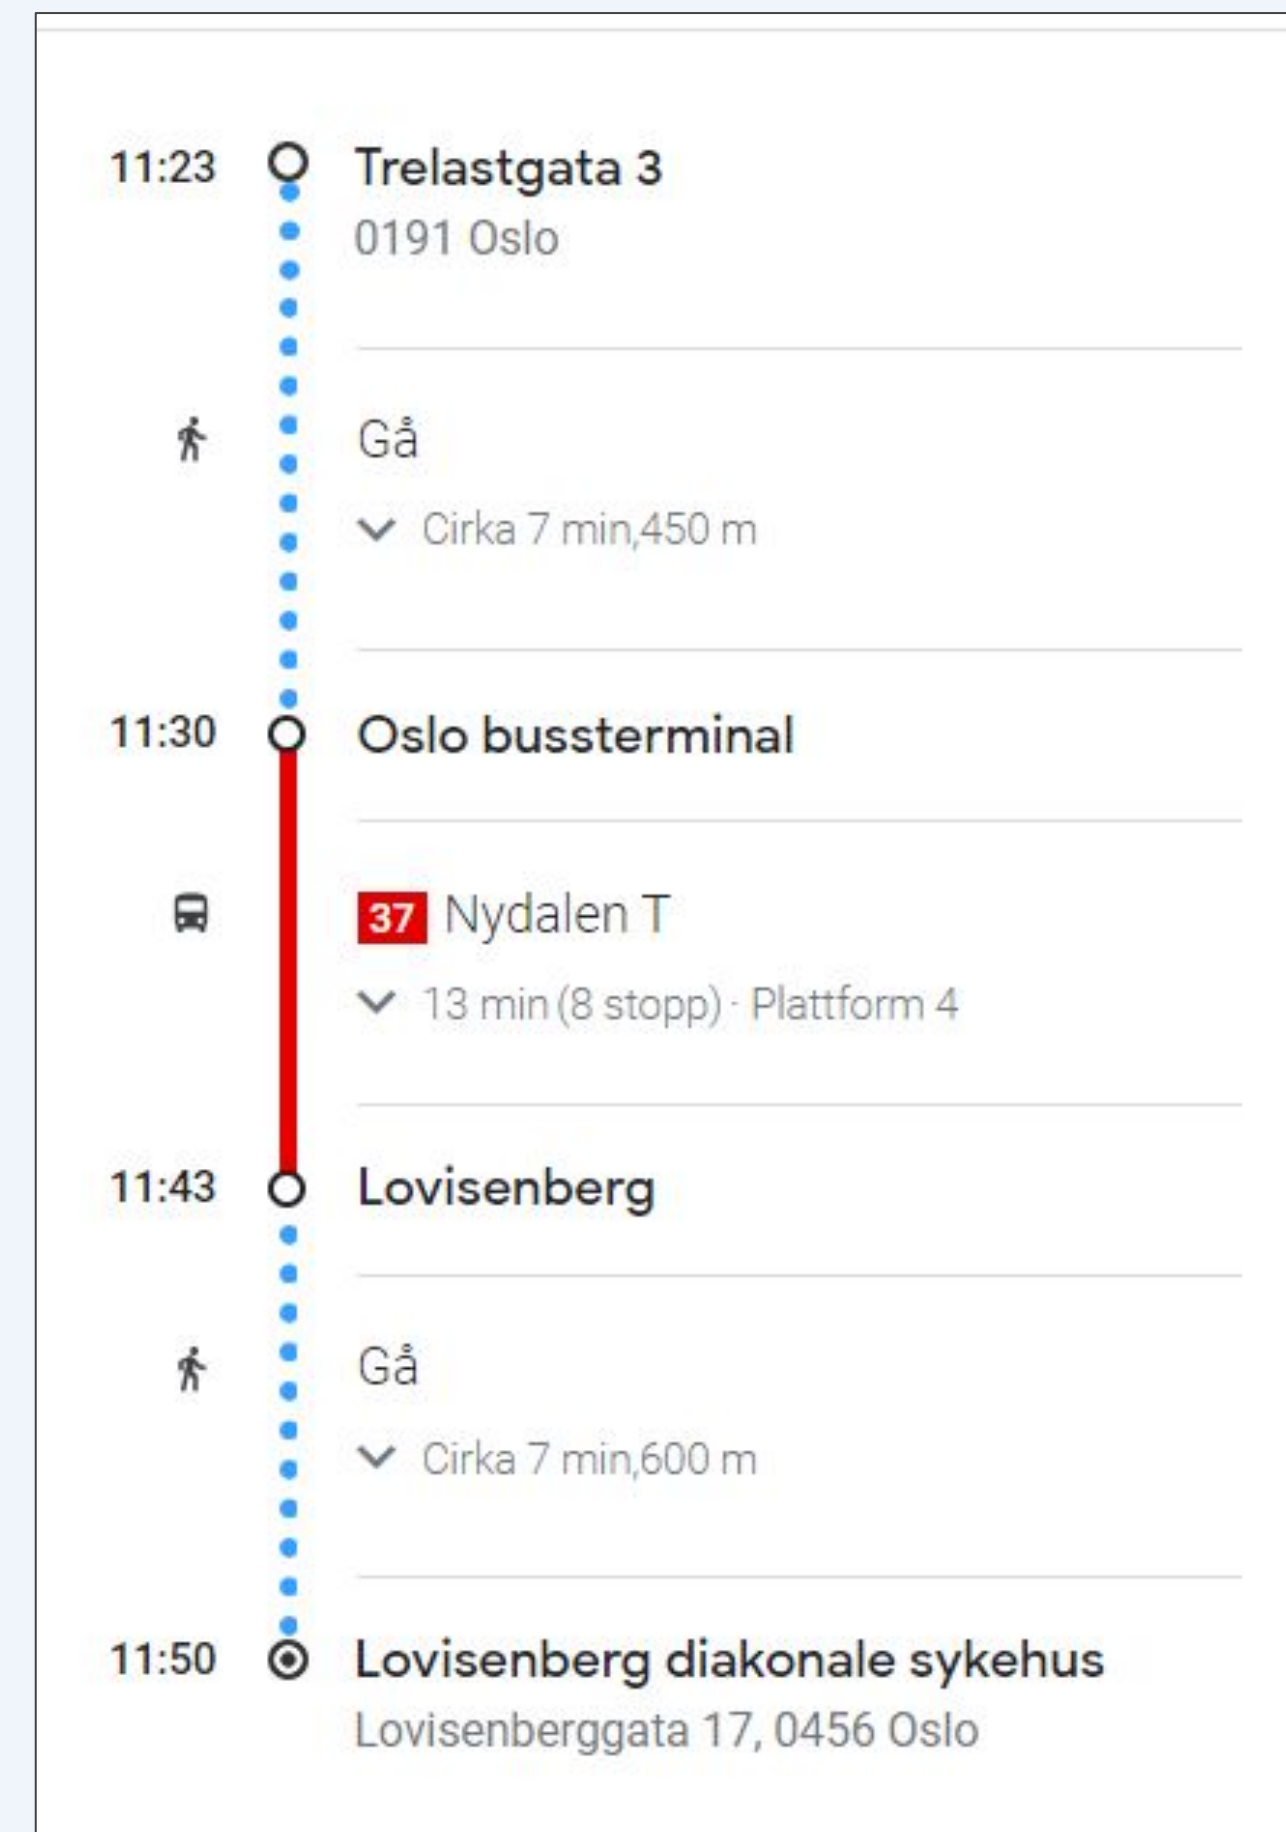

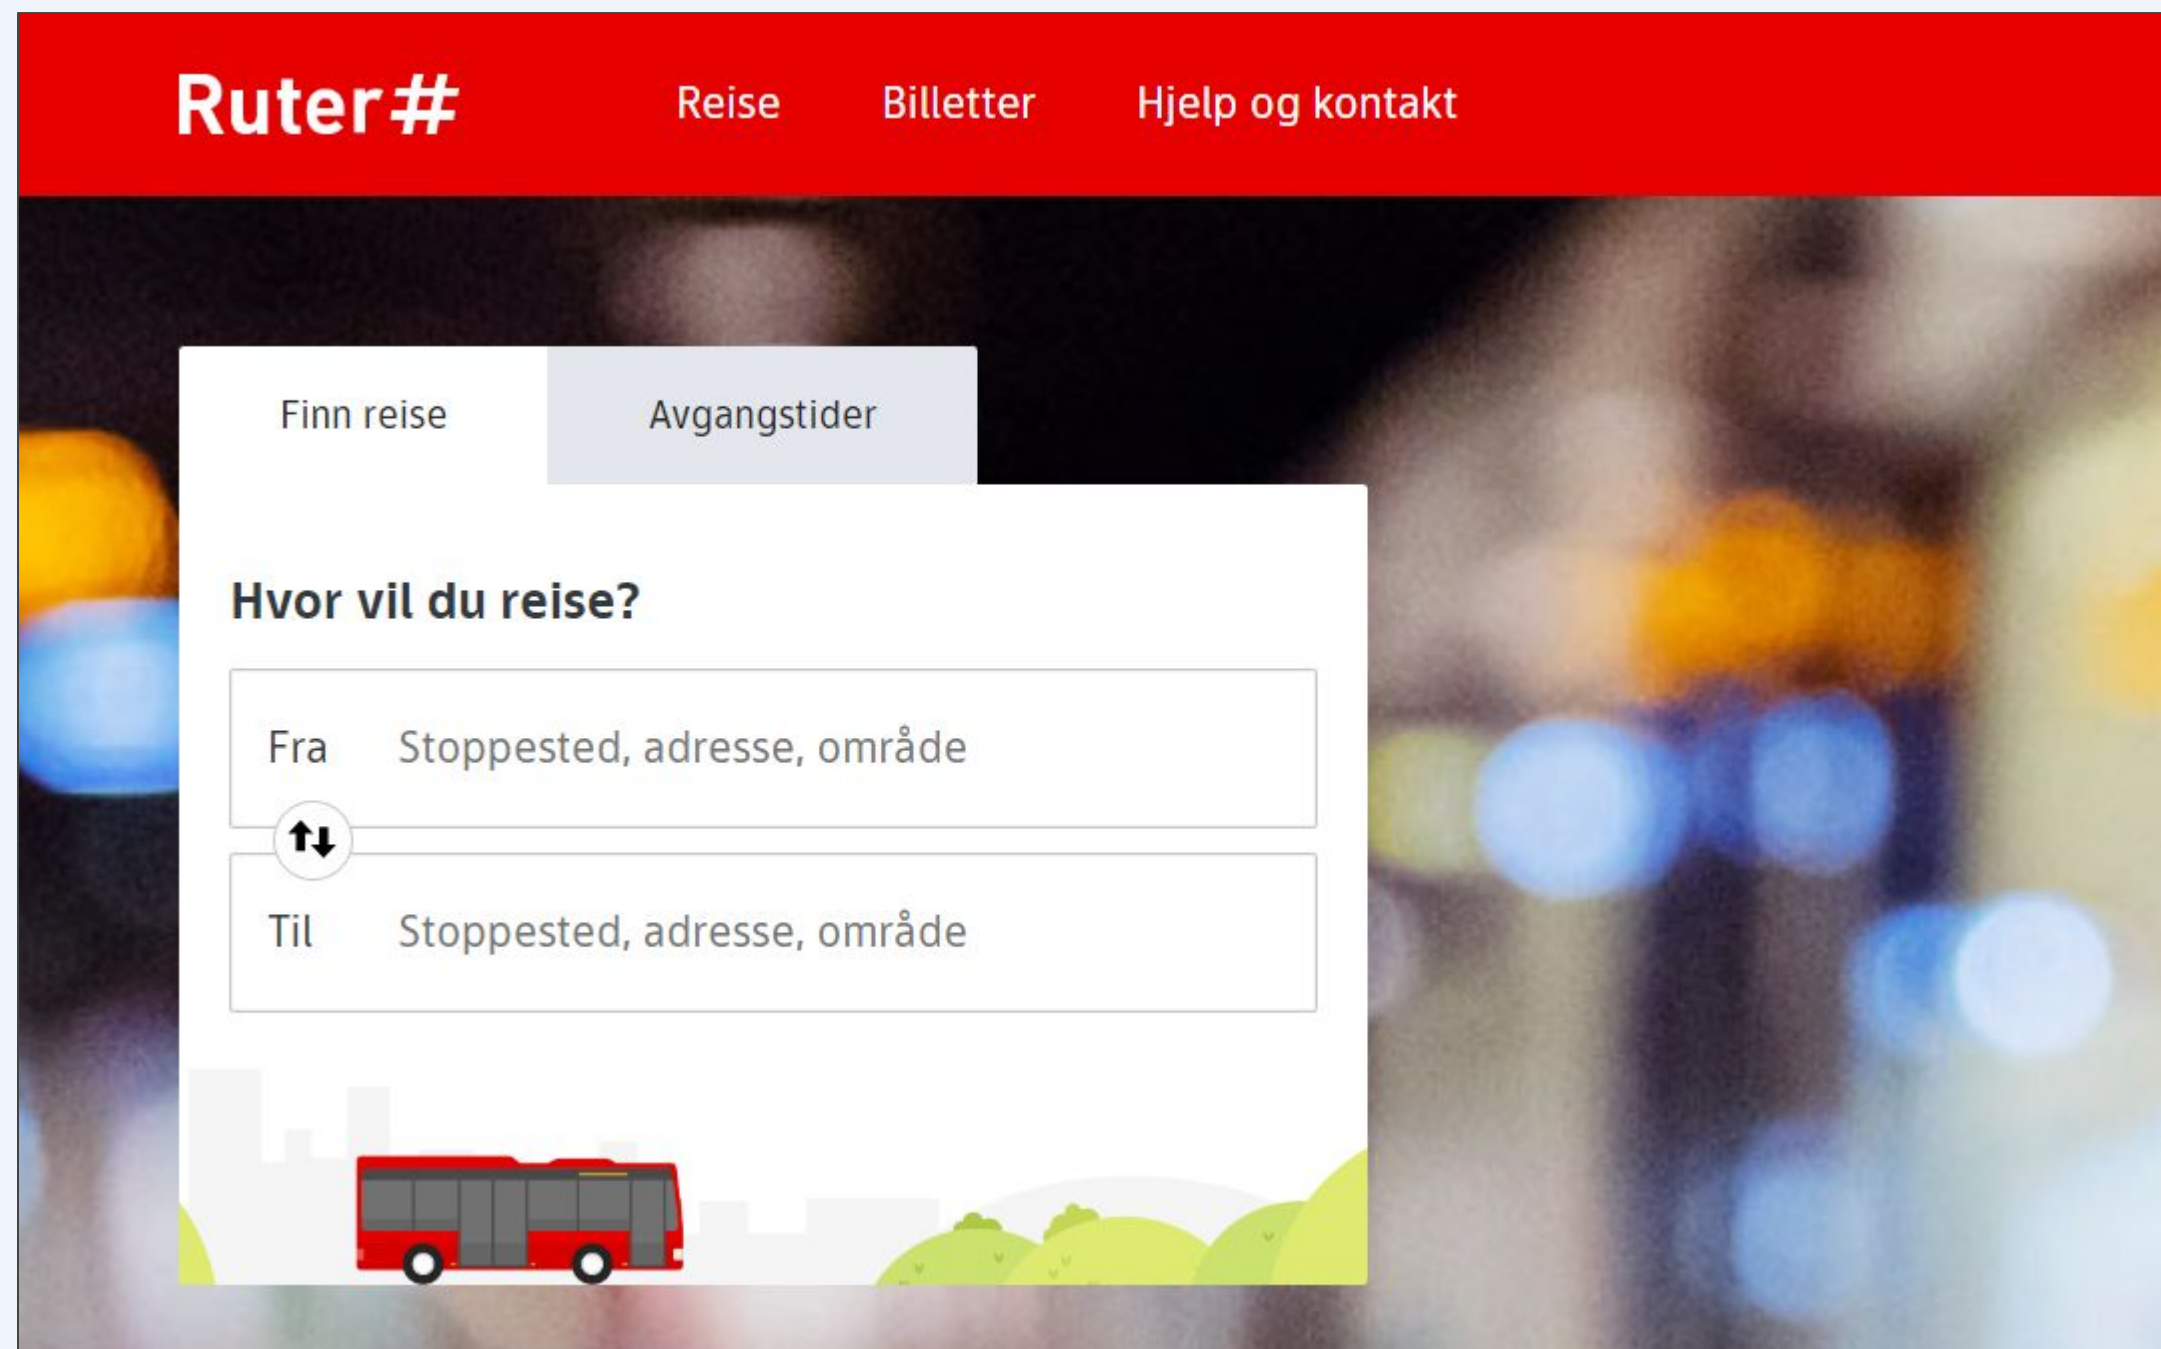

Hospital visit - Lovisenberg

- What to expect and observe at reference visit

Today's Agenda

Innovation seminar Oslo
“Parallel session - Projectgroup”
07.02.24

Collaboration and discussions

- Sharing UKB and UMG
 - Competency plan and requirement
 - Project planning and organization
 - Implementation
- Collaboration after Oslo
 - UMG and UKB?
 - OUS and Lovisenberg?
 - Other?

Example - learningtypes Germany

Test requirement

[Veröffentlichte Version](#) **Entwurf** [Zurücksetzen](#) [Teilen](#) [Benutzt in Plänen](#)

[Archivierung](#)

DRAFT: Change of requirement/LA

Here you can change the requirement/LA. If the requirement/LA is changed, this will have the status "DRAFT". The change will not appear in the plan until the draft is published.

Suggestion for Collaboration on requirements using the PDCA-Cycle

What to think about

Category structure in Dossier

- Organizational structure
- Structure built on themes
- Mixed structure

Owner, creator and editing

- Who:
 - owns the requirements?
 - owns the plans?
